In addition, if a Classic Plan has been issued you will not be covered if:

Death is due to a Pre-Existing medical condition Defined as: For the first 12 months after this policy has been accepted, this benefit is not payable if the cause of the claim is related to a condition that occurred within the 12 month period prior to the acceptance date.

POLICY RULES

- You have a 31-day cooling off period to cancel the policy. This means, from the time we send your policy documents, as long as there has been no claim or you have not received any benefit under the policy, if the policy is cancelled within these 31 days, we will refund the premiums you have paid.
- We reserve the right to submit a debit instruction to your bank for the premiums payable monthly using reasonable collection methods. To do this, we may also track and debit your account up to 10 working days (15 in December) earlier than the debit date. Should we not be successful in obtaining the premium, we will resubmit the debit instruction to the bank at any time. Should the total premium be adjusted by us or yourself as a general increase / decrease, the adjusted premium will be deducted from your bank in the same manner. This instruction will remain in force unless otherwise notified by us or cancelled by you, the Policy Owner. The debit order transaction will reflect as "Clientèle" on your bank statement.
- If you do not pay a premium for two consecutive months, your policy will lapse and we will stop trying to collect your premium or after two consecutive disputes.
- You must make sure that there are sufficient funds in your bank account to pay your premium on the agreed date. If any debit order is not paid, you will be responsible for the related bank charges. If we do not receive your premium on time, you have a grace period of 30 days to pay it.
- You have the right to cancel this policy by giving us 31 days' notice. Premiums paid during this notice period will not be refunded.
- If a policy is reactivated, we may choose to apply special terms and conditions when reactivating your lapsed or cancelled policy.
- We reserve the right to cancel your policy with immediate effect if a claim is found to be fraudulent in any respect. This means that you will no longer be covered and all premiums paid may be forfeited.
- The annual increases occur every year starting 12 months from the commencement date. The monthly premium (excluding the annual increase) will be guaranteed for the first 24 months. After the initial two year guarantee period, premiums may be revised for a group of policies that exhibit similar risk experience. Such groups will usually be defined as a tranche of one calendar year's policies of the same type. However, whilst this policy is in force, no change will be made because of the change in health or personal circumstances of an individual Insured Life.
- The Policy Owner may change the Beneficiary(ies) nominated under the Initial Expenses and Monthly Expenses Benefits at any time prior to a claim event, by notifying us. Please ensure that you are always in possession of a Personal Policy Schedule that reflects your latest nominations.
- This policy acquires no surrender, loan or paid up values.
- This contract is based on the information contained in the application form, declarations and other relevant documentation supplied by the Main Life Insured and the Policy Owner. If any information, material to the underwriting decision has been withheld or misrepresented, this would constitute non-disclosure and the benefits and all monies paid to Clientèle Life may be forfeited. It is important to notify us if any of the information is incorrect on your policy schedule.
- In order to provide the policy owner with clarity as to how non-disclosure would be treated at claim stage, our philosophy is detailed below:
 - If, after being assessed by Clientèle Life, non-disclosure would not have changed the original underwriting decision, then the non-disclosure will not be taken into account in assessing the claim.
 - If, after being assessed by Clientèle Life, it is determined that there was material non-disclosure and the non-disclosure was relevant to the cause of the claim, then the claim will not be honoured.
 - Any non-disclosure which would have changed the underwriting decision had the information been disclosed at the underwriting stage, but which is not relevant to the cause of the claim will mean that the entire policy will be re-rated to reflect the terms that would have applied had the information been disclosed at the underwriting stage. 10% of the revised cover amount will be taken as a non-disclosure penalty and the claim will then be assessed on the basis of the revised cover amount.
